BOUCLÉ — MODERN ELEGANCE

Bouclé is a modern all-over texture that beautifully emulates the natural design and texture of wool.

Bouclé, along with the other Jacobsen textured solution-dyed nylon carpets, is the best on the market. They have been expertly delustered, allowing the texture to speak for itself and the carpet to feel organic and as natural as possible.

The all-over texture is what this range is known for; it has a continuous inviting feel to it and with its rich texture and subtle colour variation, Bouclé will do a great job of hiding soiling between cleans.

No matter what colour you go for, your Bouclé carpet will always look as good as the day you put it down — with its strong stain resistance qualities, amazing colour retention and durability.
