COTSWOLDS — 100% PURE NEW ZEALAND WOOL

Cotswolds brings architectural confidence to the floor. A geometric loop pattern gives it a structured look that sits comfortably in both contemporary and classic interiors.

Made from 100% pure New Zealand wool, Cotswolds comes in a palette of 7 contemporary colours, ranging from warm neutrals to grounded, earthy tones.

Cotswolds premium wool carpets are spun from long, resilient New Zealand fibres, selected specifically for their natural strength and low-shed performance. That fibre integrity is never compromised, which means Cotswolds settles quickly after installation and is designed to shed less over its life.

A nuanced palette spanning warm neutrals and grounded earthy tones ensures lasting design relevance across evolving spaces.
