MULTI-LEVEL LOOP

ELMSFORD — 100% PURE NEW ZEALAND WOOL

Crafted from 100% pure New Zealand wool, Elmsford features a beautiful offset, organic pattern that adds depth and movement without feeling rigid.

As EC's premium wool carpet, it features their signature CoreLoop™ construction and is backed by PestGuard Pro™ protection.

Elmsford wool carpets are spun from long, resilient New Zealand fibres, selected specifically for their natural strength and low-shed performance. That fibre integrity is never compromised, which means Elmsford settles quickly after installation and is designed to shed less over its life.

Featuring a palette of rich, layered tones that sit alongside soft neutrals, Elmsford is made for homes where beauty and everyday life coexist.

FEATURES AND BENEFITS

- 100% New Zealand wool
- Made in Australia
