## LANGHORNE HUT — FOR HARD-WORKING SPACES

Langhorne Hut is a hard-wearing texture that you can live your life on. Designed for hard-working spaces that put healthy environments above all else while not wanting to compromise on style.

The perfect carpet option for homeowners who value both aesthetics and durability as well as commercial applications and spaces that have high wheel-traffic such as home offices, senior living and early childhood education centres. Specifically rated as extra heavy-duty for residential use, making it ideal for high-traffic areas like hallways and living rooms, as well as being resistant to moisture, staining, mould and insect damage. Resistance to wheel damage means it will even stand up in a home office environment.

The carpet is inherently colourfast, which means it will resist fading from sunlight exposure even in a room with a lot of natural light.
