Enchant

Offering the best in style and resilience, the Enchant family delivers a carpet of truly epic performance. Meticulously crafted from renewable wool, Enchant is inherently durable, stain resistant and resilient. This classic cut pile carpet has a tight textured finish, creating an elegant look. From calming silver accents to blue tones, the collection features new colours inspired by the New Zealand landscape.

Technical Data

Type:	Wool Carpet	Style:	Cut Pile Twist
Total Product Thickness:	13 (+/- 1.0)mm	Pile Height:	10 (+/- 1.0)mm
Yarn:	New Zealand Wool	Weight:	38 oz
Gauge:	31.5/10cm (1/8th Gauge)	Roll Width:	3.66m
Pattern Repeat:	Not Applicable	Colours:	12
Country of Origin:	New Zealand	Secondary Backing:	6oz Jute
Installation Method:	Conventionally Laid

Manufacturing Standards:

All specifications and colours are subject to manufacturing tolerances and may be changed or discontinued without notice. Product images are for reference only; actual colours may vary from samples due to printing variations, dye lot differences, production runs, and lighting conditions. All variations are within industry standards.

Quality Recommendation:

For homes where you'll stay 5+ years, choose an independently rated Residential Extra Heavy Duty carpet.

Natural Carpet Characteristics:

Depending on style and fibre, your carpet may develop natural characteristics over time:

Permanent Pile Reversal/Shading: Cut pile and cut-and-loop carpets may appear lighter or darker in different areas of the same installation (also called watermarking or pile reversal). This is an inherent characteristic of these carpet styles and does not constitute a manufacturing defect.

Tracking: Footprint impressions are common on plush cut pile surfaces, especially in high-traffic areas. Vacuuming removes these marks, though they may reappear with use.

Other characteristics: Panelling, yellowing, shift lines, or phasing may develop depending on carpet style and fibre.

Pattern Matching:

Patterned carpets naturally vary in width and length. Skilled installers will achieve close pattern matches in most cases, though exact matches cannot be guaranteed.

Installation:

All Godfrey Hirst carpets must be professionally installed following AS/NZS 2455.1:2007 standards and Godfrey Hirst NZ Installation Instructions. All seams must be sealed (width and length) per seam sealer manufacturer's recommendations.

Maintenance:

Vacuum 1–2 times weekly. Professionally steam clean every 12–18 months.

Warranty:

All Godfrey Hirst carpets carry a comprehensive warranty supported by New Zealand after-sales service. As a New Zealand manufacturer, we recognise all consumer rights under the Consumer Guarantees Act 1993 and match any equivalent performance guarantee offered in the marketplace at the time of purchase. Commercial warranties are issued project-by-project with specific terms and conditions.

For detailed warranty information, installation guidelines, care instructions, and carpet characteristics, visit www.godfreyhirst.com or call 09 268 3300.

Test results and certificates available on request.
