P. 18

Thanks to our Hydroseal technology, our laminate collections feature a waterproof surface.

**Your lifestyle,
your floor**

MJ3553

Carefree living starts in a home with high-performance floors. From mud trails after walking the dog to wine stains after an epic party with friends, your laminate floor is made to withstand the impact of life's occasions. Turn your home into a place of tranquillity with comfortable laminate that feels great to walk on.

Whether you prefer a rustic appearance or an elegant wood design our laminate is a strong foundation on which to build your home, thanks to our proven track record as leaders in the flooring industry. Whatever interior design style you're into, we've got the dream floor to suit every taste!

**READY TO FIND THE PERFECT MATCH?

Feel nature under your feet

DISCOVER THE
'SUPERIOR REFINED DESIGN'
COLLECTION **PERSPECTIVE NATURE**

Natural look & feel

Our laminate collections offer a broad range of floors with true-to-nature colours and textures. We're always on the lookout for innovative and exciting combinations. From finding the perfect plank structure to carefully balancing colour and bevel; our collections guarantee beautiful laminate flooring to suit everyone's taste – so you can build a home that is truly warm and welcoming.

Superior refined design

New and exciting combinations; that's what our Perspective Nature collection guarantees. The most refined, beautifully detailed laminate collections to date, these floors are almost indistinguishable from real wood – but even more comfortable and high performing. This is laminate like you've never seen it before.

PEN4756

PERSPECTIVE NATURE

Plank collection marked by refinement

Capturing nature's

Perspective Nature infuses natural beauty in your interior, combined with all the comforts of laminate. Enjoy the realistic look and feel of wood in every knot, crack, grain and joint of your floor. This laminate collection comes closer to real wood than you ever thought possible.

beauty

PEN4763

Pushing the limits to create enduring beauty

THE CREATION OF PERSPECTIVE NATURE

The world is our inspiration

Quick-Step is one of the few flooring brands worldwide with an in-house research and design team, who draw inspiration from architecture, art, fashion and real life.

Based on perfect originals

Recreate and emulate the feel of real timber: that's our goal. To achieve this, our expert designers search high and low for 'perfect originals': pieces of wood that have the right look and feel to serve as a prototype for a laminate floor.

From ideas to detailed design

Once these 'perfect originals' are found, the experimenting starts. We treat them in-house with whatever finish is required to obtain a specific look. Next, we comprehensively scan the original piece of wood, including the design and colour, as well as the complete structure with all its characteristics. The result? A huge, virtual 3D model of each piece, which is then refined into a perfectly balanced design. By using our latest technologies we create refined floors, with extra depth on the surface and in the bevel, and realistic sharp edges along the cracks.

PERSPECTIVE NATURE

Refined in every detail

PERSPECTIVE NATURE

PEN4763

Perspective Nature takes the calming elements and imperfect beauty of nature and brings them to your home. You've never experienced laminate like this, the colour and structure run all the way into the joints and wood grain, making Perspective Nature indistinguishable from real wood.

IMPRESSIVE

IM3558

The unique watertight Hydroseal technology in combination with the Uniclic system fully seals the joints. Paired with the right accessories (Foamstrip and Hydrokit), these measures make your floor surface entirely watertight and prevent dirt and bacteria from settling on to the surface structure. This provides an easy to clean floor that can be installed anywhere, including bathrooms, kitchens and laundries.

Scratch & stain resistant

In a real home, everyone can be themselves, without a care in the world. A place where kids can play and grow. Where family and friends feel comfortable chatting with drinks and snacks. And where, inevitably, things will sometimes end up on the floor. Your Quick-Step floor will endure all such occasions and keep its shine, without scratches or stains. How? Thanks to its ultra-resistant top layer and strong core.

PERSPECTIVE NATURE

PEN4762

PEN4762

Water? Whatever!

Wet shoes in the entrance hall? Kids playing in the bathroom? No problem!
The unique Hydroseal technology protects the joints, making your floor
surface entirely waterproof and helps prevent dirt and bacteria.

CLM5802

LAMINATE COMPETITOR

QUICK-STEP LAMINATE

100% waterproof surface

Our laminate is ideal for laundries, kitchens and even bathrooms. The reason? The unique combination of our waterproof Hydroseal technology and our patented Uniclic system, which makes sure no water can get into or under your floor.

PERSPECTIVE NATURE

PEN4748

Easy to clean

Give your floor a brand-new look with Quick-Step Cleaning product. Some regular cleaning is enough to preserve its original appearance for years to come.

Welcome home

In a real home, everyone can be themselves, without a care in the world. Children's playdates, a fun family get-together, dogs chasing cats – or the other way around ... Your laminate endures all of those occasions and keeps its beautiful look thanks to its ultra-resistant top layer and superior core. Because scratches and stains shouldn't linger. Only your memories should.

EL3581

Easy-going from installation to finish

When you've found your dream floor, you want it installed as quickly and smoothly as possible. The Quick-Step Uniclic click system ensures a worry-free installation and provides completely watertight joints for ultimate performance in all areas of your home. On top of that, all Quick-Step laminate floors can be installed over traditional underfloor heating and even on stairs.

We have everything you need to install and finish your floor – just the way you want it.

Need some guidance? Check out our installation tips and videos at quick-step.co.nz

A heart for your home and our planet

We all love natural beauty. The only way to continue to enjoy the beautiful things our planet has to offer is to treat it with respect. That's why our flooring products not only look good, but are as hard-wearing and sustainable as possible. Together, we can reduce our ecological footprint, from the production of your flooring to the end of its life.

The power of timber

As a renewable resource, trees play a crucial role in combatting climate change. That's why the wooden core of your Quick-Step laminate flooring contains **100% recovered wood**. These are wood wastes from other industries which would otherwise have been burned or discarded. We process these by-products and give them a new life in our laminate floors. So no new trees are felled for your flooring! Furthermore, UNILIN – the group behind Quick-Step – has invested in biomass plants to convert wood dust and non-recyclable wood waste into green energy. As a result, about **half of our group's production is powered by renewable energy**.

Clean indoor air

Most of your life takes place indoors, which is why the air quality in your home is so vitally important. Many factors have an effect on it: ventilation, candles, cleaning agents, and even the materials used in your interior, such as the flooring. We minimise the emissions of harmful substances by producing your flooring **in-house** as much as possible. This means we know exactly what materials it contains, and we make sure you can install it **without any adhesive products**.

The following labels demonstrate that your flooring complies with the strictest environmental and health standards:

The highest guarantee for the air quality in your home.

The proof is that our flooring products do not pose any health risks and are odourless.

Sustainable innovation

Your floors are built to last for many decades. And afterwards? They may have a new lease of life in store! At the moment, we're working on a brand-new process to **fully recycle the wooden core of your flooring into new floors**. We are the first player in the market to do this. It will mean we can literally give your old flooring a second life.

EU approved

Did you know that we were the **very first manufacturer of laminate flooring products** to receive the **EU Ecolabel**?

The European Union only awards the Ecolabel to products and services that meet the highest environmental standards throughout their life cycle.

EU Ecolabel :
SE/035/001

Do you want to find out more about the sustainability of our flooring products?

Tools to help you choose

FloorExplorer

With so many flooring options to choose from, making the right decision can be a challenge. Let our FloorExplorer guide you through a selection of floors that match your personal needs and style in just a few steps. Give it a try!

FIND A DEALER

quick-step.co.nz

RoomViewer

Having doubts about which Quick-Step floor suits your interior best? No problem! Thanks to the online RoomViewer, you can preview any floor in your own interior to help you make the right choice.

Does size matter?

UNDOUBTEDLY YES!

A simple rule to follow is to use large formats for large rooms to emphasise the spacious ambience. For small or irregularly shaped rooms, small formats will match the proportions of the room better.

In which direction should

Guided by the light

The direction of your floor has a huge impact on a room's overall appearance and can be a tough nut to crack. As a general rule, lay your floor in the same direction as the main light source in a room and in the same line as the most frequently used entrance. If there are several doors and windows, then opt for the direction that's the easiest to install.

In narrow rooms

Installing your floor in a narrow room? Why not lay it horizontally! Planks laid width wise will make the surface appear wider, avoiding a boxed-in effect. To enhance this even further, avoid dark colours for your floor or walls, as these will make a narrow room look even narrower.

I install my floor?

In short rooms

If you're laying your floor in a short room, you'll want to add a sense of depth. Make the room look longer by installing your floor lengthwise. Want to increase the effect of lengthwise installation? Make sure to combine a light-coloured floor with darker walls; this will add even more depth to your room.

CRH3176

MASTER INSTALLERS AT YOUR SERVICE

Opt for professional installation by an accredited Quick-Step Master Installer. These experts are trained at our Quick-Step Academy, the most exclusive training centre in the flooring industry.

- Get the best end result with expert underlay selection and subfloor preparation.
- Make your floor stand out with advice on the correct installation direction.
- Enjoy a perfect finish: meticulously fitted, profiles and staircases.
- A lifetime installation warranty is offered on all Quick-Step floors installed by a Quick-Step Master Installer.

ACCESSORIES

INSTALLATION

UNDERLAYS

When installing a laminate floor, choosing the right underlay is essential. Besides creating a **level base**, it also provides **excellent acoustic and thermal insulation** and **reduces creaking noises**. On top of that, your underlay offers **perfect protection from rising damp**.

Quiet-Step Combi-Lay
NZQSC-LAY20/NZQSC-LAY50
Thickness: 2 mm - Roll: 20/50m²

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

Combi-Lay Standard
NZC-LAY20/NZC-LAY50
Thickness: 2 mm - Roll: 20/50m²

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise

INSTALLATION TOOLS

Installation set
QSTOOLA

Set with a tapping block to easily click planks together, a pulling bar for hard-to-reach places and spacers to provide perfect expansion joints (8 to 10 mm) between walls and floor.

TOOLS FOR A WATERPROOF FINISH

The Hydrokit provides a perimeter water seal using foam strip and soft silicone. This should be used in bathrooms, laundries, or anywhere else you might see water flowing on the floor.

Foamstrip
NEFOAMSTRIP20
20 strips of 1 m x 10 mm

Fill up expansion joints with the Foamstrip and combine with the Hydrokit for a watertight finish of your floor.
Invisible installation under profiles etc.

Hydrokit
QSKITTRANSP
310 ml

Transparent silicone to combine with the Foamstrip for a watertight finish of your floor. Invisible installation under profiles etc.
Average use: 1 tube for 15 m.

FINISHING

COLOUR-MATCHED PROFILES

Incizo profile
See product page for
matching codes
2150 x 48 x 13 mm

Multifunctional and patented finishing tool to finish your floor and stairs in matching colours. Simply cut the Incizo basic profile to the desired shape with the supplied Incizo knife. Use the Foamstrip and Hydrokit for a watertight finish. Contains 1 Incizo profile, 1 Incizo knife and 1 plastic rail.

APPLICATION 1
Connect two floors of different heights.

APPLICATION 2
Connect two floors of the same height.

APPLICATION 3
Finish your floor along walls or windows.

APPLICATION 4
Create a nice transition between your laminate floor and other flooring types.

Incizo profile / Incizo aluminium
stairbase for stairs
QSINCP(-) / NEINCPBASE(-)
2150 x 48 x 13 mm /
2150 x 71 x 20 mm

The Incizo profile also allows you to finish your stairs and steps in the flooring design of your choice. For this application, you need the Incizo profile and an aluminium stairbase. Stairbase to be ordered separately.

APPLICATION 5
Finish your stairs and steps.

MAINTENANCE

Cleaning product 1 L
QSCLEANING1000
1 L

Cleaning product specifically developed for Quick-Step floors. Cleans the surface thoroughly and safeguards its original appearance to maximise that 'new floor' experience. Average usage: 1 L for 15 cleaning sessions.

Cleaning kit
QSSPRAYKIT

Mop holder with refillable water tank and handy lever to easily moisten and mop your floor. Also includes a washable microfiber mop and 1 L of Quick-Step Cleaning product. A sustainable choice to clean your floor.

Cleaning mop
QSSPRAYMOP

Microfibre mop washable up to 60 °C. Compatible with the Quick-Step Cleaning kit.

Repair kit
QSREPAIR

A hard wax repair kit to beautifully repair chips in your floor. Find detailed instructions at [quick-step.co.nz](https://www.quick-step.co.nz)

quick-step.co.nz
